Photo Courtesy: Gallo Images/Getty Images Gaming is a billion dollar industry, but you don't have to spend a penny to play some of the best games online. As long as you have a computer, you have access to hundreds of games for free. From MMOs to RPGs to racing games, check out 14 of the best free online games. Star Wars: The Old Republic Star Wars: The Old Republic received a lukewarm response when it launched in 2011, but several changes since then have significantly opened up the appeal of the game. While the most obvious tweak was a shift to a limited free-to-play model less than a year after release, there have been a lot of more subtle changes that are good news for everyone. Photo Courtesy: Joe Klamar/Getty Images Only interested in the story? You can comfortably play solo all the way up to level 60. Do you love PvP action? You can skip all the way to level 60 upon character creation. Best of all, you no longer need to spend money to avoid endless grinding. There's never been a better time to visit a galaxy far, far away. Alien Swarm is a free online game available from Valve that pits you and up to three friends against alien monsters. While the game is admittedly dated at this point — it was released in 2010 — it continues to have an active fan base. If the numerous classes, weapons, characters and areas get old, you can always use the included map generation tool and mod kit to create your own dream bug hunt. League of Legends League of Legends has been around for more than a decade, and it's still going strong. Players must work together to dominate the map in a fantasy world, and the game takes skill and practice — not to mention good teammates — to master. League of Legends tournaments are popular e-Sport events, so if you'd like to watch the pros go at it before trying the game out for yourself, you certainly can. Photo Courtesy: Chesnot/Getty Images Impressively, League of Legends has been so successful that its maker, Riot Studios, has had little need to put out other titles. It wasn't until 2019, a full decade after League of Legends' release, that Riot Studios put out its second game, Teamfight Tactics. Dota 2 Similar to League of Legends, Dota 2 is a multiplayer online battle arena (MOBA) game with players competing for control of a map. While the mod can trace its origins to a mod made for Warcraft III called Defense of the Ancients (commonly abbreviated DotA), Dota 2 is a game in its own right. Photo Courtesy: Suzi Pratt/Getty Images While the game remains one of the biggest names in e-sports, Dota 2 has seen a decline in player numbers since its release in 2013. For regular players looking for a free game to enjoy, however, Dota 2 is still a good time. Forza Motorsport 6 Apex RPGs and MOBAs aren't for everyone. Forza Motorsport 6 Apex is a free online racing game that's essentially a slimmed down version of Forza Motorsport 6 for the Xbox One. While you only have six tracks to choose from, they're the same as the original game, and you have your choice of sixty cars to race on them with some truly phenomenal graphics. In fact, the main downside of the game is simply that you need a powerful computer to run it at maximum graphic settings. Fortnite Battle Royale Fortnite Battle Royale took off to become possibly the most popular game of 2018, and in doing so, it reinvigorated the battle royal game genre, with competitors like Call of Duty: Warzone soon springing up in its wake. Players engage in an epic battle to be the last one standing in a game of intense yet zany combat gun and melee combat. Online play is possible through PC, Xbox One, PlayStation 4, iOS and Android devices. Photo Courtesy: Bloomberg/Getty Images Hearthstone: Heroes of Warcraft Hearthstone: Heroes of Warcraft is a free online game modeled after the Magic: The Gathering card game. It has a basic rule set that's easy to learn but difficult to master. While knowledge of the greater Warcraft universe can make the cards themselves more enjoyable, no knowledge of previous games is necessary to enjoy Hearthstone. Unlike some free online card games, you also don't need to spend money to have a competitive deck. CC0/EvanLee/Pixabay Lord of the Rings Online Lord of the Rings Online may have been released in 2007, but while many other MMOs from that time have fallen by the wayside, this game continues on, in part because it appeals to hardcore fans. For Tolkien enthusiasts, the game is almost a Middle Earth theme park that you can visit from the comfort of your own home Photo Courtesy: @lotro/Twitter While some content does require a purchase, you can earn most of it for free with a bit of patience. Considering the rewards are fighting orcs in Mordor and protecting pies from hungry hobbits in equal measure, the rewards are well-worth it. Pinball Arcade While there are many pinball games out there to choose from, Pinball Arcade is special in that it attempts to recreate actual pinball machines so that you can play them from the comfort of your home. The base game on Steam comes with Frankenstein, Flight 2000, Ripleys, Starship Troopers and Star Trek Vengeance Premium tables, and you can pay for more if you enjoy the game enough. Additionally, other versions of the game have been released for Xbox 360, Xbox One, Playstation 3, Playstation 4, Android and iOS phones and more. MORE FROM QUESTIONSANSWERED.NET Photo Courtesy: @mbphotography/Unsplash Love playing slots, but you can't just head to a casino whenever you want? The good news is you don't even have to leave your couch to enjoy an entertaining — and hopefully rewarding — experience playing slots in an online casino. However, the bad news is if you're looking to get rewarded with real money, your options are somewhat limited online. To ensure you have the most fun and get paid some real cash doing it, you need to figure out your best options — and make sure those options are legal in your area. To get you started, we've put together a quick guide with basic details on some of the best online slots you can play to make some real money. The legality of online gambling is murky at best, thanks in large part to the Unlawful Internet Gambling Enforcement Act of 2006 (UIGEA). This federal law makes it illegal for a person or business that is engaged in the business of wagering or betting to accept payments associated with unlawful Internet gambling. Several provisions and rules factor into the law. Photo Courtesy: @GRCasino/Twitter Based on that, most legal experts agree that online gambling on websites that are set up outside the country is legal, but gambling on a U.S.-based website is not. Additionally, each state has its own laws that may restrict what you can and can't do — even from home on your computer — in your state. For that reason, it's important to do your research to make sure non-U.S. online slots with real cash won and lost are legal for you to play before checking them out. El Royale Online Casino The El Royale Casino accepts U.S. players and allows them to play for real money after they complete the registration process. Players have to be age 21 or older, just as they would have to be in the U.S. In addition to featuring a variety of creative slot games, such as themes with ancient gods and popular characters, the site also offers poker and table games. Photo Courtesy: El Royale Online Casino To receive your winnings, you choose from four payout options: Visa, Mastercard, bank wire or Bitcoin. Visa and Mastercard payments typically take three to four days, while a bank wire takes five business days. Bitcoin usually only takes one to three business days. All payouts are limited to a minimum of \$150 and a maximum of \$2,500. BetOnline Casino This online casino is headquartered in Panama, where online wagering is allowed, but the site still cautions everyone to abide by their local governments' rules and regulations. You must be at least 18 years old to register and take advantage of the online slots, poker, sports betting and live betting. Photo Courtesy: BetOnline Casino This online casino offers multiple banking options for deposits and payouts, noting that Bitcoin is the fastest method with Bitcoin payouts typically credited within minutes. The casino requires a minimum Bitcoin payout of \$20 and a maximum of \$3,000. Other payout options include wire transfer, cryptocurrency, person-to-person transfers and a few other methods. Wild Casino Wild Casino has been dedicated to providing dynamic gaming experiences since 1991. To join and gamble on the site, you have to be at least 18 years old. Once you sign up, you can use one of the multiple deposit options to start playing with real cash. In addition to a live virtual casino, which has all the card and table games you would expect, it offers more than 50 creative slot games with payout options that put real money into your hands. Photo Courtesy: Wild Casino Choose from the different payout options to find the one that works best for you. Bitcoin and Bitcoin Cash are popular options that generally process quickly. Other possibilities include Ethereum, Ripple, person-to-person transactions and even checks sent to you by courier. If none of those fit your situation, additional options are also available. Slots.lv The creators behind Slots.lv designed it to provide an entertaining online experience with speedy payments and solid customer service. The site offers more than 400 online slots in addition to casino games like baccarat, blackjack and poker. It also features video poker and multiple live dealer games. Photo Courtesy: Slots.lv Additionally, Slots.lv often provides welcome bonuses and other promotions to boost players' earnings while providing a trusted entertainment option. Payments are made quickly, typically within four to 10 business days, depending on the payment method you choose. Bitcoin is one of the fastest ways to get paid — typically within 24 hours.
